

Rubric for Assessing Course Syllabus

Course Title: ECE 205: Nutrition, Health and Safety

Course instructors: Using the scale below, please complete the matrix for your current syllabus.

1-Limited or No Coverage: Not evident or limited evidence in syllabus.

2-Some Coverage: Indicator is covered in lecture or classroom activity or an assignment.

3-Significant Coverage: Indicator is covered in a reading AND lecture or activity.

4-Extensive Coverage: Indicator is assessed through an assignment, in addition to being evident in a reading, lecture, or activity.

Indicators	Extent that the Syllabus Emphasizes Core Values					What element(s) of the syllabus is this indicator covered in?					Additional Comments/Notes ?
	Limited or None	Some	Significantly	Extensively	NOT Applicable	Course description	Course Objectives	Assignment	Readings	Activities (websites, videos etc.)	
1. ECP5S1: Collaborate with families and early childhood professionals to implement basic health, nutrition and safety practices and procedures for young children.	1	2	3	4	NA						
2. ECP5S2: Use universal precautions to assist in maintaining a safe, healthy learning environment for young children and their families.	1	2	3	4	NA						
3. EIP8S1: Record information in various formats.	1	2	3	4	NA						
4. ECP9S3: Protect the welfare and safety of young children at all times.	1	2	3	4	NA						

**Indicators are based on newly developed or adapted standards for early childhood paraprofessionals in Colorado.*

What are strengths of the course related to the above competencies?

What are the possible enhancements that can be made to the course related to the above competencies?
